

Sample Identification Form – Kendrick Labs Inc

Your Shipping Information

Name(s) _____
 _____ Date _____
 Institution _____
 Address _____

 Phone _____
 Fax _____
 Email _____

Your Billing Information

Institution _____
 Address _____

 Price Quote Invoice # _____
Credit Card # _____
 Name on Card _____
 Exp _____ Security # (3 digit # on back) _____
 Or **PO#** _____

(PO# or CC# required for return of results)

Sample Composition - Briefly describe your samples (origin, species, etc. Continue on back if necessary):

#	Your Sample #	Sample Identification and Description	µl enclosed	protein µg/µl	protein dpm/µl	µl* load
1						
2						
3						
4						
5						
6						
7						
8						
9						
10						

*Note: Volume loaded must be ≤ 50 µl for standard and ≤ 150 µl for large format 2D gels

1. The protein concentration of the sample(s) was determined by the method of _____
2. The sample consists of (check one):
 Complex mixture _____ Purified _____
 Of polypeptides _____ Polypeptides _____ Polypeptide _____ Unknown _____
3. What is the composition of the buffer you used to dissolve the sample? _____

4. Is sample preparation necessary? _____
5. Is the sample radioactive? _____
 What are the total dpm for all enclosed sample(s)? _____
6. What is the MW range of interest? _____ What slab gel % acrylamide is desired? _____
 (Note: our standard 10% acrylamide slab gel will resolve from **14 to 220** kilodaltons.)

(continued on opposite side)
